

**Title:** General Labor

**Reports To:** Matt Roberts, General Manager

**Job Opportunity:** Laborer needed for a company around the Louisville, KY area. You will be part of a team responsible for demolition, installing, and retrofitting bleachers and grandstands. Candidates must be familiar with general construction trades and use of basic hand and power tools. All tools to complete jobs will be provided to the employee. It is the responsibility of the employee to look after their own tools, and make sure that they are properly taken care of.

The ideal candidate will be responsible for providing a high standard of safety and techniques in the appropriate field(s) and demonstrate the ability to deliver projects on time, administer quality control, and follow safety procedures.

**Requirements:**

- 1+ year(s) of experience in one of the following: carpentry, metal fabrication, metal erecting, roofing, and general construction
- Ability to travel across a multi-state region. Travel will require the employee to be out of town for multiple weeks at a time, on a consistent basis, with minor weekend work and travel. Weekend travel may be required depending on the job location.
- Basic knowledge with hand and power tools
- Ability to communicate effectively and work well with team members
- Ability to effectively work from heights exceeding 6ft
- Ability to lift and carry 25 to 75 lbs. repetitively when required
- Valid Driver's License
- Pass a (9) panel drug screening and background check
- Ability to work near/around elementary, middle, and high school students and organization

**Interested?**
